

Glen Echo Park Partnership Galleries Request for Proposals 2024

The Glen Echo Park Partnership for Arts and Culture requests proposals from individuals, groups of artists or curators to present exhibitions in the Popcorn Gallery, Stone Tower Gallery and Park View Gallery venues at Glen Echo Park for the calendar year 2024.

The mission of the Glen Echo Park Galleries is to showcase the work of diverse artists, including resident artists at Glen Echo Park and artists from the greater Washington, D.C. area. We aim to exhibit quality artwork by artists who represent a broad spectrum of our region, with diverse backgrounds, and working in a wide range of artistic media. Our exhibitions attract visitors from across the region and bring new audiences to Glen Echo Park.

The mission of the **Popcorn Gallery** is to showcase the work of established visual artists, including resident artists at Glen Echo Park and artists from the greater Washington, D.C. area. Popcorn Gallery exhibitions attract visitors from across the region and bring new audiences to Glen Echo Park. This gallery is best suited for group exhibitions or occasional solo exhibitions of an established artist.

The mission of the **Stone Tower Gallery** is to present intimate exhibitions of work in the Park's most historic structure. This gallery is a welcoming space for visitors and is well suited to solo or themed exhibitions featuring a small group of artists.

The purpose of the **Park View Gallery** is to present the work of emerging visual artists, including instructors and advanced students at Glen Echo Park.

All Partnership galleries serve the artists and the public in connecting patrons to high-quality artwork and generate revenue for both the artists and the Partnership. Partnership gallery exhibitions are highlights of our Park events, and host opening receptions and artist talks throughout the year. Annual visitation for all three Partnership galleries is approximately 14,000.

See Attachment A for additional gallery descriptions and images. Please note: if you have exhibited work in a solo exhibition in one of these galleries within the current or previous calendar year (2022 or 2023), you are not eligible for consideration for solo exhibition in 2024 but are eligible to participate as part of a group exhibition.

Gallery Descriptions

Popcorn Gallery

The Popcorn Gallery is located on the first floor of the Arcade building with an entrance from the main lobby. The gallery is approximately 1,000 square feet and can accommodate two-dimensional work on existing walls or temporary panels, and three-dimensional artwork on pedestals. The gallery has a large amount of natural light through windows so care should be taken when presenting light-sensitive works.

Stone Tower Gallery

The Stone Tower Gallery is located on the first floor of the Chautauqua Tower with one entrance from the outside and one from the lobby of the Yellow Barn building. The gallery space is approximately 560 square feet. There is approximately 39 linear feet of wall space available for hanging two-dimensional work. The majority of wall space is stone, and walls are slightly curved. The gallery can accommodate two-dimensional work against the stone walls through a cable hanging system, or on temporary panels. Three-dimensional work is accommodated on pedestals.

Park View Gallery

The Park View Gallery is located on the second floor of the Arcade building, within the Glen Echo Park Partnership Office. The gallery is approximately 250 square feet and can accommodate two-dimensional work on existing panels (7 panels; each panel: 46" w x 84" h) and one existing wall (approximately 83" wide).

Two-dimensional work is hung on panels and the wall using a Walker hanging system. Three-dimensional work can be accommodated on pedestals. One entire wall of the gallery is lined with windows, opposite the panels.

Additional gallery schematics are available upon request.

Public Art - Ephemeral Works

Glen Echo Park is home to many unique and beautiful landscapes and open spaces that are frequently used venues for a variety of special activities such as cultural programs, picnics, wedding ceremonies, festivals, athletic events, and film and photography projects. We open our RFP to public artists who would like to propose ephemeral projects that our audience can interact with. The project can span from a one-day interactive installation to a temporary outdoor art piece. The proposed public art must interact safely with the natural environment and visitors: no affixing to trees or plants, distribution to the ground safety of others.
