Hoda Khouri

Jewelry

I design and make my jewelry. I use Sterling Silver, and Thai gold. Each piece is unique and professionally finished. I use various techniques besides the traditional silversmithing: stamping and dabbing, lost wax, Keum Boo and Precious Metal Clay. I studied at the Accademia delle Arte Orafe in Rome, Italy, The jewelry institute of Lebanon (Beirut) and Glen Echo Silversmith studio. I am inspired by my travels and nature.
