

We are pleased to present a new series of **PAGE Program Parent/Child Classes** starting this Fall.

These classes can be a perfect supplement to your current preschool programs or a great option for building up to preschool. Taught by experienced faculty and arts specialists, children and their parent or caregiver will explore visual and performing arts techniques, along with nature discovery, while they hone preschool readiness skills.

On **Mondays and Wednesdays**, families explore arts specialties in music and movement with our arts program partners the Washington Conservatory of Music and Metropolitan Ballet Theatre. **Tuesdays and Thursdays** focus on visual arts and nature with arts Faculty Denise Dittmar and the Glen Echo Park Aquarium. Each day, preschool skills are covered that could include creative arts, crafts, storytelling, and play. You can also sign up for all four days to experience all arts specialties. **Class hours are 9:30am-12pm.**

On **Fridays**, we offer classes with a "STEAM" (Science, Technology, Engineering, Arts, Math) specialty focus, also paired with preschool readiness skills and taught by PAGE Faculty. Classes are offered for ages 10 months to 2 years, and for ages 2.5-5.

Tuition is for one parent or caregiver/child pair. If you have multiple kids you are bringing to class that fit different age groups, or if you have any questions on how to register, please contact page@glenchopark.org. We can also connect you with a parent volunteer network for a cooperative schedule if you or a caregiver are unable to attend a class or classes.

Thank you again for your interest in Glen Echo Park and PAGE Classes. We look forward to seeing you in class!

AGES 1-2

PAGE Parent/Child Class: Music & Movement (Ages 1-2)

Instructor - Pam Breves

Mondays and Wednesdays 9:30am to 12pm

Class 1: Sep 10 – Oct 17, 12 sessions, Tuition: \$360

Class 2: Oct 22 – Dec 12, No Class Nov 19, 21, 14 sessions, Tuition \$420

Class 3: Jan 7 – Feb 27, No Class Jan 21, Feb 18, 14 sessions, Tuition: \$420

Children and their parents/caregivers discover the world around them through creative arts. Explore music and movement in sessions with our resident and program partner arts specialists.
